EDUCATION

STATE UNIVERSITY COLLEGE OF OPTOMETRY – New York, New York Cornea & Contact Lens Residency	07/2016
NEW ENGLAND COLLEGE OF OPTOMETRY – Boston, Massachusetts Doctorate of Optometry	05/2015
THE UNIVERSITY OF ARIZONA – Tucson, Arizona Bachelor of Science Major – Physiology Minor – French	05/2011

EXPERIENCE

OWNER – Scottsdale, Arizona In Focus: Specialty Contact Lens & Vision Solutions	2019 to Present
● Optometry practice specializing in difficult to fit contact lens designs for severely compromised and disfigured eyes. ● Specialty contact lens fittings including scleral lenses, prosthetic contact lenses, rigid gas permeable lenses, myopia control lenses, pediatric aphakic contact lenses, hybrid lenses, and more ● Concierge medical eye care for advanced ocular conditions and difficult visual cases	
KEY OPINION LEADER Bausch & Lomb Specialty Vision Products	2020 to Present
● Traveled over the Southwest to train Doctors in-office how to fit scleral lenses ● Lectured about Zenlens and Revive products	
CONSULTANT Bausch & Lomb Specialty Vision Products	2020 to Present
● Gave feedback to Head of Marketing about Doctor and patient-centric material for launches of product	
OPTOMETRIST – New York, New York New York Eye & Ear Infirmary of Mount Sinai	07/2016 to 04/2019
● Co-managed patients alongside four corneal surgeons treating advanced corneal infections, conditions, and pre and post-operative surgical procedures (penetrating keratoplasty, KPRO, DSAEK, DMEK, cataract extraction, scleral and iris-fixated IOLs) ● Experienced in culturing corneal infections and interpreting confocal microscopy images ● Provided LASIK/PRK evaluations for all four corneal surgeons. Developed treatment nomograms for surgery and provide pre and post-operative care ● Designed prosthetic contact lenses for patients with keratoprosthesis devices ● Lectured on specialty contact lenses to ophthalmology residents	
CORNEA & CONTACT LENS RESIDENT – New York, New York State University of New York College of Optometry, University Eye Center Pamel Vision & Laser Group	07/2015 - 07/2016
● Fit specialty contact lenses for patients with severe ocular surface disease, keratoconus, post-traumatic corneal abnormalities, and corneal transplants
