

Okezie C. Igboeli, MD, FACS

Lieutenant Colonel, Medical Corps, United States Army
Chief, Ophthalmology Service, Walter Reed National Military Medical Center
Deputy Ophthalmology Consultant, Office of The Surgeon General, U.S. Army
Refractive Surgery Consultant, Office of The Surgeon General, U.S. Army

Lieutenant Colonel Okezie C. Igboeli, MD, FACS, is a U.S. Army ophthalmologist specializing in cornea, anterior segment, and refractive surgery. He currently serves as Chief of the Ophthalmology Service at Walter Reed National Military Medical Center (WRNMMC) in Bethesda, Maryland. In addition to his clinical leadership responsibilities, he serves as Deputy Ophthalmology Consultant (60S) and Refractive Surgery Consultant to the Office of The Surgeon General (OTSG), U.S. Army.

Dr. Igboeli earned his Bachelor of Science degree from the University of Houston–Downtown and his Doctor of Medicine degree from the University of Texas Medical School at Houston. He completed his ophthalmology residency at Madigan Army Medical Center in Tacoma, Washington, from July 2012 through June 2015, serving as Chief Resident during his final year (July 2014–June 2015). Following residency, he pursued advanced subspecialty fellowship training in Cornea, Anterior Segment, and Refractive Surgery at Baylor College of Medicine.

As a fellowship-trained corneal and refractive surgeon, Dr. Igboeli brings specialized clinical and surgical expertise to military ophthalmology. His leadership responsibilities encompass ophthalmic clinical care, surgical services, and consultation supporting the U.S. Army's ophthalmology and refractive surgery programs. He is a Fellow of the American College of Surgeons (FACS).
